

FOTON AUMARK

Model Code		BJ1128
Engine	Model	Cummins ISF3.8s 3168
	Displacement (L)	3.764 cylinder
	Type	Common Rail Turbocharged with Intercooler
	Max power (Hp/rpm)	170 HP
	Max torque (NM/rpm)	550 NM
Gearbox	Model	ZF6S558
	Type	Cabel Shift Manual
	No. of Gears	6F 1R
Complete vehicle dimension parameters	Wheelbase (mm)	4700
	Cab width(mm)	2060
	Overall Dimensions (L × W × H) (mm)	8220×2310×2470
Brake	System	Full Air Dual Circuit, with air dryer and auto brake lining adjustment
	ABS	Standard
	Type	Front - Disc Rear - Drum
	Auxiliary brake	Exhaust Brake
Tyre	Model	9 R22.5-14 Ply Tubeless
	Quantity	6+1
Suspension	Front suspension/leaf spring number	Multi Leaf spring - 9 Numbers
	Rear suspension/leaf spring number	Multi Leaf spring with Helper - 8+6 Numbers
Axle	Front Axle Capacity (Kg)	3600
	Rear Axle Capacity (Kg)	8000
	Rear Axle Ratio	5.286
Weight	GVW (Kg)	12000
	Tare Weight (Kg)	3600
Cab	Type	Day
	Air conditioning	Standard
Fuel tank	Capacity and material	200L- Aluminum
Battery	Battery voltage	24V
Features	1. Cruise Control for Better Driver Comfort 2. Manual Control & Windows/Door; 3. MP3+Bluetooth;

Foton Aumark

Redefining Excellence in Every Aspect

HIGHER EFFICIENCY

Powered by the reliable Cummins ISF3.8L Engine that generates 550 Nm torque, the AUMARK-S features a ZF 6-Speed Manual Transmission. Experience unbeatable fuel economy, exceptional reliability, and significant cost savings.

With a reduced tare weight and a big cargo body that enhances the loading capacity by 10%, the AUMARK-S let you carry more and maximize your earnings like never before!

HIGHER LOADING CAPACITY

Conquer any load with the Foton Aumark. Bigger tires, robust chassis, and heavy-duty suspension deliver improved stability, durability, and effortless handling for maximum performance.

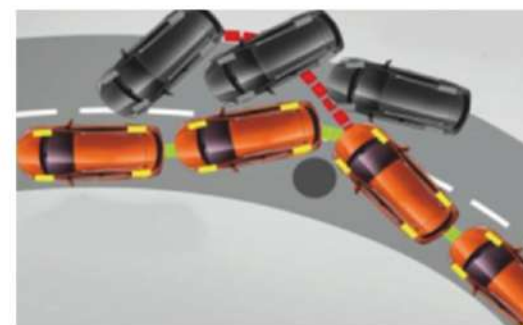

HIGHER SAFETY

Built for Resilience: The Aumark's cabin, engineered to surpass the demanding ECE-R29 standard, provides unparalleled driver safety and peace of mind.

Aumark is equipped with 50,000 CD electric adjustable headlamps and bright LED DRLs improve your night vision and make you more visible to other drivers, enhancing your overall safety.

Complete Air Brakes deliver superior braking efficiency, ensuring reliable performance, excellent stopping distance, and guaranteeing the safety of both you and your valuable cargo.

Standard ABS and EBD systems deliver superior braking efficiency, ensuring reliable performance and excellent stopping distance in all conditions, giving you the confidence to drive safely even when facing unexpected road hazards.

HIGHER RELIABILITY

The Super Powertrain of Cummins engine coupled with ZF gearbox delivers unmatched reliability with a B10 life of 1 million kilometers, robust performance, superior fuel efficiency, and smooth power transmission.

This durable driveline is built to conquer any challenge.

Tested to Endurance: Tested rigorously over 3 million kilometers in the harshest conditions, the Foton Aumark emerges as an undisputed champion of reliability.

HIGHER COMFORT

Wide & spacious cabin, coupled with ergonomic seats and an HVAC system, comfortably accommodates up to three passengers.

The cabin meets European NVH standards (ECE R51), ensuring long rides are peaceful and comfortable.

HIGHER VERSATILITY

The Foton Aumark offers exceptional versatility for diverse applications, thanks to customizable chassis, powerful driveline, spacious cargo capacity, and durable design.
